From minimalistic to extravagant venue dressing, we can create your floral dreams which complete your wedding celebrations. We offer all scale venue styling depending on your preference, from Church pedestal arrangements and pew ends to top table arrangements and floral arches.

We value your time

To make sure our flowers reflect the exact style you want, we value spending time getting to know you and your personality.

With so many themes to choose from “just picked from the garden”, “Boho”, “Classical” or “Exotic”, we can create those bespoke designs that ensure all your ideas are channelled into the finished floral creation that is unique to you.

From buttonholes to bouquets

We can design and create anything that you desire for everyone in your bridal party. Flower crowns or wrist corsage, flower girl's basket arrangements and hoops, the Plantology team work closely with you to make sure that your floral dreams come true.
